

CANADA-PEI JOB GRANT

The Canada-PEI Job Grant is a new program that provides employers with financial assistance to train new and/or existing employees to meet the skill requirements for available jobs.

PROGRAM FEATURES

Employer Driven: The employer decides who gets training and what type of training is required.

Shared Costs: Eligible training costs are shared between SkillsPEI and the employer.

Employment for Islanders: Participants have a new or better job at the end of training.

ELIGIBILITY

The Canada-PEI Job Grant is open to private sector businesses based in Prince Edward Island or organizations acting on behalf of a group of employers. Projects must result in a new hire or a better job for an unemployed, under-employed or employed individual.

COST SHARING

Cost sharing makes training affordable for employers. Under the Canada-PEI Job Grant, direct training costs are shared between the employer and SkillsPEI. The employer invests one-third of the training costs and gains the benefit of a worker who is skilled and ready to work. SkillsPEI will reimburse employers for the remaining two-thirds of eligible training costs.
